Glass Skylights XL

The Skyspan Large Glass Skylight is the pinnacle of fixed Skylights. The Skyspan Glass Skylight XL gives the freedom to create a unmatched statement of architectural beauty that is deserved by the most prestige of buildings.

The large single pane of glass without the usual hindrance of mullions provides an unblemished view to the outdoors, elevating the interior feel to that of the extraordinary. Many years of product development and improvements sets apart the Skyspan Glass Skylight XL as not only producing the visual wow factor but also as a product you can trust by exceeding all compliance requirements.

WHERE TO USE

Skyspan's Large Glass Skylight fit all Australian roof types including Corrugated, Metaldecks, Tile Roofs and Concrete Roofs. Suitable for any room where structurally compatible.

Ideal for:

GLAZING

Laminated glass must be used for skylights installed 3m or more above floor level. (AS1288)

Performance Laminated Glazing (Standard)

Laminate glass resists impact protection.

PVB interlayer eliminates 99% of UV.

Comfort Double Glazing (Optional)

Argon filled cavity increases energy efficiency.

Low-E coating maximises light transmittance & reduces solar heat gain.

Laminated inner glass resists impact protection. PVB interlayer eliminates 99% of UV.
